## **SHORT NOTICE OF QUOTATION FOR DETERMINATION OF RATES**

RFQ No: -17/MD/PSCL/2024-25

### **INTRODUCTION**

Patna Smart City Limited (PSCL) is a Special Purpose Vehicle created under the Patna Municipal Corporation to deliver several Pan City and Area Based Development initiatives with a focus on infrastructure and ICT advancements at strategic locations in the city.

The Ministry of Housing and Urban Development (MoHUA), Government of India (GoI) has initiated Smart Cities Mission (SCM), under which selected cities are being developed as smart cities with a focus on improving citizen services with ICT intervention. Smart Cities Mission (SCM) is an urban renewal and retrofitting program by the Government of India with a mission to develop 100 cities all over the country making them citizen-friendly, sustainable and investment destinations. Under the smart city scheme, the Government has emphasized to improve the basic civic amenities of the cities on one hand and the provision of modern technological advances for ease of living on the other hand. The Smart City Proposal for Patna envisions to implementing a number of projects categorized into Area Based Development (ABD) projects and Pan City components. The ABD projects focuses on physical infrastructure components, whereas the Pan City components focus on the ICT interventions in the city. To achieve Patna's vision for a smart city, large numbers of measures are required to be implemented.

Considering the priorities echoed by stakeholders during the consultative process and practical feasibility, one of the initiatives shortlisted is "Automation of Street lights and High mast lights of Patna at PAN city area and integration with the ICCC" automation of street lights and high mast light is proposed which will centrally controlled by Integrated Command and Control Centre (ICCC) in this project.
